

[2008/09/04 12:09] Becka Finesmith: OK - Lets begin
[2008/09/04 12:09] Schomer Simpson: My technical competence may be called into question ...
[2008/09/04 12:09] Lambchop Magic is Online
[2008/09/04 12:09] Becka Finesmith: :)
[2008/09/04 12:09] Schomer Simpson: lol
[2008/09/04 12:09] Schomer Simpson: what technical competence I hear Elsa say ...
[2008/09/04 12:09] Becka Finesmith: I'm sure we wouldn't dare - We know who pays the bills
[2008/09/04 12:09] Elsa Dickins makes a zipping noise
[2008/09/04 12:09] Becka Finesmith: ;)
[2008/09/04 12:09] Becka Finesmith: lol
[2008/09/04 12:09] Eshala Tabacznnyk: hi all :)
[2008/09/04 12:09] Becka Finesmith: @Elsa
[2008/09/04 12:09] Kickaha Wolfenhaut: Hello Eshala
[2008/09/04 12:09] Becka Finesmith: Hi Esh
[2008/09/04 12:09] Elsa Dickins: OK Becka, hit it
[2008/09/04 12:09] Becka Finesmith: OK - Last week we talked about a load of areas and I thought it would be good to recap them this evening
[2008/09/04 12:10] Kickaha Wolfenhaut: THere's a seat here Esh
[2008/09/04 12:10] Becka Finesmith: THe first one was an issue with the teleported
[2008/09/04 12:10] Eshala Tabacznnyk: s***ing home hub being a pain so may keep losing net sorry
[2008/09/04 12:10] Becka Finesmith: When new people arrive they don't seem to be coming into the centre
[2008/09/04 12:10] Elsa Dickins: at least you have a space bar back we see
[2008/09/04 12:10] DL Notify List v1.1: Lambchop Magic has logged on
[2008/09/04 12:10] Becka Finesmith: we wondered if they could be dumped by the buddy board
[2008/09/04 12:10] Eshala Tabacznnyk: new keyboard
[2008/09/04 12:10] Elsa Dickins: Schomer has changed the teleport so if you teleport into the island now you land in front of the centre
[2008/09/04 12:11] Elsa Dickins: yes in front of the buddy board would be good
[2008/09/04 12:11] Becka Finesmith: It would save them having to think ;)
[2008/09/04 12:11] Becka Finesmith: We are OU students after all
[2008/09/04 12:11] Eshala Tabacznnyk: lol
[2008/09/04 12:11] Schomer Simpson: I have changed the teleport settings - so that the teleport hub is now in the nOUbie centre (ground floor by the Schome noticeboard) - however I can't seem to get the dratted thing to work ...
[2008/09/04 12:11] Kickaha Wolfenhaut: Is there a way of permitting LMs to still work, as well as the default landing point?
[2008/09/04 12:11] Elsa Dickins coughs in a way that sounds strangely like she's saying technical competence
[2008/09/04 12:12] Becka Finesmith: lol
[2008/09/04 12:12] Kickaha Wolfenhaut: lol
[2008/09/04 12:12] Becka Finesmith: erm..risky to say this but.... Can we get anyone to help Schomer?
[2008/09/04 12:12] Becka Finesmith: Don't all rush
[2008/09/04 12:12] smithb Windlow: I would love to. but dont have the nohow yet

[2008/09/04 12:12] Schomer Simpson: Help - that is what I need - ideally someone just to tell me what I am doing wrong!

[2008/09/04 12:13] Kickaha Wolfenhaut: I have some books on SL. I'll see if there's anything worth scanning.

[2008/09/04 12:13] Becka Finesmith: Kick - Would you know how?

[2008/09/04 12:13] Lambchop Magic: My old LM that was by the flats now brings me here

[2008/09/04 12:13] Eshala Tabacznik is Offline

[2008/09/04 12:13] Becka Finesmith: Otherwise, I know an expert who we may be able to ask

[2008/09/04 12:13] Kickaha Wolfenhaut: Not off the top of my head, I'm afraid.

[2008/09/04 12:13] DL Notify List v1.1: Eshala Tabacznik has logged off

[2008/09/04 12:13] Becka Finesmith: Shall I ask Robert to get in touch with you Schomer?

[2008/09/04 12:14] Elsa Dickins: yes LMs should work if you haven't got a box ticked that says route people through the teleport point

[2008/09/04 12:14] Becka Finesmith: aha.

[2008/09/04 12:14] Kickaha Wolfenhaut: Job done.

[2008/09/04 12:14] Becka Finesmith: Is it working then?

[2008/09/04 12:14] Becka Finesmith: SOmeone tested it>

[2008/09/04 12:15] Elsa Dickins: I've just tiked allow direct teleport

[2008/09/04 12:15] Elsa Dickins: that should help

[2008/09/04 12:15] Schomer Simpson: There are two confilcting sets of controls - Manage telehub on the Region/Estate controls and Teleport routing on the About land controls (I think)

[2008/09/04 12:15] Becka Finesmith: All greek to me - Anyone?

[2008/09/04 12:15] Kickaha Wolfenhaut: I think you're right - two directions from which to poke it. Confusing.

[2008/09/04 12:16] Elsa Dickins: it should work now you are allowing direct teleport

[2008/09/04 12:16] Eshala Tabacznik is Online

[2008/09/04 12:16] Schomer Simpson: Currently te teleport routing is set to Landing point - other options are blocked and anywhere

[2008/09/04 12:16] Becka Finesmith: A volunteer to try it?

[2008/09/04 12:16] Kickaha Wolfenhaut: Lovely!

[2008/09/04 12:17] Becka Finesmith: yay

[2008/09/04 12:17] Becka Finesmith: It worked?

[2008/09/04 12:17] Kickaha Wolfenhaut: I hopped around the island OK.

[2008/09/04 12:17] Elsa Dickins: but people who are coming to the island for the first time would land at that as the lanmding point

[2008/09/04 12:17] Elsa Dickins: and then anyone who is starting to find their way around can set landmarks and teleport elsewhere without always being routed through that point

[2008/09/04 12:17] Kickaha Wolfenhaut: Not sure if it's "first time" so much as "without specifying otherwise".

[2008/09/04 12:17] Elsa Dickins: yeh and that

[2008/09/04 12:18] Becka Finesmith: So what we want is for the advertised entry point to be into the nOUbie centre by the buddy board. Is this what we now have?

[2008/09/04 12:18] Elsa Dickins: someone who isn't me, Kick or schomer needs to search for schomebase on the map adn then teleport there

[2008/09/04 12:19] Becka Finesmith: Kick?

[2008/09/04 12:19] Elsa Dickins: Kick you look like you're doing yoga

[2008/09/04 12:19] Kerry Mubble: i'll do it

[2008/09/04 12:19] Becka Finesmith: Thanks Kerry

[2008/09/04 12:19] Elsa Dickins: no Becka, Kick comes into the category of me, Kick or Schomer :)

[2008/09/04 12:20] Becka Finesmith: Kerry would be ok then?
[2008/09/04 12:20] Schomer Simpson: YEs
[2008/09/04 12:20] Schomer Simpson: or yes even
[2008/09/04 12:20] Schomer Simpson: or even Yes
[2008/09/04 12:20] Becka Finesmith: OK - We shall see what the verdict is in a second.
[2008/09/04 12:20] Eshala Tabacznyk is Offline
[2008/09/04 12:20] Becka Finesmith: Let me talk about the buddy board itself while we wait.
[2008/09/04 12:21] Becka Finesmith: It is quite succesful. People are definitely using it but I think we need more people on it
[2008/09/04 12:21] Becka Finesmith: I've come in a lot when there is only one person active
[2008/09/04 12:21] Kerry Mubble: i landed in someones flat!
[2008/09/04 12:21] Becka Finesmith: lol
[2008/09/04 12:21] Basic Chair: Right click me and choose 'Sit Here' to sit down
[2008/09/04 12:21] Becka Finesmith: oh dear
[2008/09/04 12:21] Elsa Dickins: oh dear, that happened to me yesterday
[2008/09/04 12:21] Kickaha Wolfenhaut: I still haven't been buzzed even once. I must clock up more hours than the rest put together. Why nobody like birdie?
[2008/09/04 12:22] Kerry Mubble: i've not been buzzed either
[2008/09/04 12:22] Kickaha Wolfenhaut: Rhetorical question!!!
[2008/09/04 12:22] Becka Finesmith: It's odd isn't i
[2008/09/04 12:22] Scathach Rhiadra: me neither
[2008/09/04 12:22] Becka Finesmith: I've only had one but Esh seems to be the most popular
[2008/09/04 12:22] Elsa Dickins abandons the list she just started
[2008/09/04 12:22] Becka Finesmith: Perhaps we need to make sure people don't have any hangups about paing
[2008/09/04 12:23] Elsa Dickins: paing?
[2008/09/04 12:23] Kickaha Wolfenhaut: Or avians.
[2008/09/04 12:23] Kickaha Wolfenhaut: +g
[2008/09/04 12:23] Becka Finesmith: paging
[2008/09/04 12:23] Becka Finesmith: sorry
[2008/09/04 12:23] Becka Finesmith: What list was that Elsa?
[2008/09/04 12:23] Schomer Simpson: I landed in the flats too ...
[2008/09/04 12:23] Schomer Simpson: the other day ...
[2008/09/04 12:23] Elsa Dickins: Kickaha Wolfenhaut: Why nobody like birdie?
[2008/09/04 12:23] Becka Finesmith: lol
[2008/09/04 12:23] Becka Finesmith: OK
[2008/09/04 12:24] Kerry Mubble: lol
[2008/09/04 12:24] Scathach Rhiadra: lol
[2008/09/04 12:24] Elsa Dickins: You are the only one with the power to change that Schomer
[2008/09/04 12:24] Becka Finesmith: So - we need help re:Teleporter
[2008/09/04 12:24] Eshala Tabacznyk is Online
[2008/09/04 12:24] Becka Finesmith: WBESH
[2008/09/04 12:24] Schomer Simpson: Technical power but lacking knowledge = no power
[2008/09/04 12:24] Eshala Tabacznyk: ty - have thrown bthome hub out of window now
[2008/09/04 12:24] Kerry Mubble: lol
[2008/09/04 12:24] Elsa Dickins: well done esh
[2008/09/04 12:25] Becka Finesmith: OK - Shall I get Robert to give you a buzz Schoner?

[2008/09/04 12:25] Becka Finesmith: Schomer
[2008/09/04 12:25] Schomer Simpson: If someone can tell me how to set the different options I'll gladly do it - spent over an your the other day trying out various combinations and ... no luck by the look of things
[2008/09/04 12:25] Schomer Simpson: yes please
[2008/09/04 12:25] Becka Finesmith: ok - I'll ask him to give you a buzz next time he is inworld
[2008/09/04 12:25] Lambchop Magic is Offline
[2008/09/04 12:26] Elsa Dickins: I did it fine on open life but without going to looking at it I couldn't tell you
[2008/09/04 12:26] Schomer Simpson: Back to the Buddy board then?
[2008/09/04 12:26] Eshala Tabacznyk is Offline
[2008/09/04 12:26] Becka Finesmith: OK - I think that is probably number 1 priority because nothing we do here will be seen otherwise
[2008/09/04 12:26] Becka Finesmith: yes
[2008/09/04 12:27] Becka Finesmith: Back to the buddy board
[2008/09/04 12:27] Kickaha Wolfenhaut: lol
[2008/09/04 12:27] Becka Finesmith: So we need to poll some more people to take part
[2008/09/04 12:27] Basic Chair: Right click me and choose 'Sit Here' to sit down
[2008/09/04 12:27] Elsa Dickins: I want to change the boards so that they don't have the floating text - not necessary now they only show people who are online anyway
[2008/09/04 12:27] Elsa Dickins: but I can only change them when the person on the board is around to reclaim it
[2008/09/04 12:27] Schomer Simpson: I'm happy to be on the buddy board - but as you know I'm not the most frequent visitor in the world (and am totally useless when it comes to techy stuff ...
[2008/09/04 12:28] Schomer Simpson:)
[2008/09/04 12:28] Lambchop Magic is Online
[2008/09/04 12:28] Kickaha Wolfenhaut: Is Lionel on the board? He jolly well should be.
[2008/09/04 12:28] Becka Finesmith: Thanks Elsa - We can do it for those present later if you like.
[2008/09/04 12:28] Becka Finesmith: lol
[2008/09/04 12:28] Elsa Dickins: Schomer smile, am taking your picture :)
[2008/09/04 12:28] Becka Finesmith: We've found that people usually only ask the basics
[2008/09/04 12:28] Kickaha Wolfenhaut: WB Lamb
[2008/09/04 12:28] Schomer Simpson: Looks for gesture ...
[2008/09/04 12:28] DL Notify List v1.1: Lambchop Magic has logged on
[2008/09/04 12:29] Lambchop Magic: ty
[2008/09/04 12:29] Becka Finesmith: So , if anyone can shout out names of those we can approach?
[2008/09/04 12:29] Schomer Simpson: You don't understand the concept of technical incompetence at the level that I have mastered it - basics are way beyond me ...
[2008/09/04 12:29] Kickaha Wolfenhaut: Lionel Blaisdale
[2008/09/04 12:29] Becka Finesmith: You made it here Schomer?
[2008/09/04 12:29] Elsa Dickins: we should be capturing some data baout eh use of the the boards
[2008/09/04 12:29] Becka Finesmith: your an expert :)
[2008/09/04 12:29] Elsa Dickins: oh yes Lionel, he's around a lot
[2008/09/04 12:30] Lambchop Magic: and always helpful
[2008/09/04 12:30] Schomer Simpson: Olly might be persuaded to help ...
re data capture

[2008/09/04 12:30] Becka Finesmith: That was a question we wanted to ask Elsa

[2008/09/04 12:30] Becka Finesmith: Can we do that?

[2008/09/04 12:30] Elsa Dickins: I'll see if Mr Elsa has any idea

[2008/09/04 12:30] Becka Finesmith: yay

[2008/09/04 12:31] Kickaha Wolfenhaut: I would think automation is not the way to go. We're going to want details about the kind of help that was asked for, which can only be gotten by manual reports.

[2008/09/04 12:31] Becka Finesmith: Theother data capture that was mentioned was actual visitors even if they don't click on the board

[2008/09/04 12:31] Becka Finesmith: Can we do that now?

[2008/09/04 12:31] Schomer Simpson: I think that there may already be sensors on the island ... certainly used to be before it got re-developed ...

[2008/09/04 12:31] Kickaha Wolfenhaut: Can set up a proximity sensor at the landing point to count visitors and even record their names.

[2008/09/04 12:31] Elsa Dickins: we're sort of doing that already

[2008/09/04 12:31] Elsa Dickins: yes the sensors are here schomer

[2008/09/04 12:31] Kester Magic is Offline

[2008/09/04 12:32] Elsa Dickins: they ahve only just been reset though because of the server hack

[2008/09/04 12:32] Eshala Tabacznuk is Online

[2008/09/04 12:32] Schomer Simpson: Not sure where the data is ending up - but again Olly could help with that I'm sure (I think the data is going to his server)

[2008/09/04 12:32] Becka Finesmith: Excellent - Is there a way that those data can be passed on for processing?

[2008/09/04 12:32] Schomer Simpson: They used to be available via a web page

[2008/09/04 12:32] Becka Finesmith: I wouldn't mind producing some stats

[2008/09/04 12:32] Elsa Dickins: what I have on open life is a welcome mat that is on the main landmark - when people land on it it says hello, gives them a notecard with teh 'thou shalt not's and recosrd their names

[2008/09/04 12:33] Elsa Dickins: www.schome.ac.uk/stats/schomebase

[2008/09/04 12:33] Elsa Dickins: ditto open_life

[2008/09/04 12:33] Schomer Simpson: And they can be exported as an excel file (I think) but not sure how hard that is ...

[2008/09/04 12:33] Becka Finesmith: yay - We need that here Elsa

[2008/09/04 12:33] Elsa Dickins: mr else wrote me the script, I can do that

[2008/09/04 12:33] Elsa Dickins: mr elsa even

[2008/09/04 12:34] Elsa Dickins: when we have the landmark :)

[2008/09/04 12:34] Kickaha Wolfenhaut: Becka's knocked Nexie off the top spot!

[2008/09/04 12:34] Becka Finesmith: Those stats are cool

[2008/09/04 12:34] Becka Finesmith: That would do it

[2008/09/04 12:34] Becka Finesmith: If we published them we would have to remove names I guess

[2008/09/04 12:34] Becka Finesmith: woohoooo

[2008/09/04 12:34] Eshala Tabacznuk is Offline

[2008/09/04 12:34] Elsa Dickins: yup, easy to anonymise

[2008/09/04 12:34] Becka Finesmith: at least i think that's a good thing

[2008/09/04 12:35] Kickaha Wolfenhaut: They are public already.

[2008/09/04 12:35] DL Notify List v1.1: Eshala Tabacznuk has logged off

[2008/09/04 12:35] Schomer Simpson: Indeed they are

[2008/09/04 12:35] Kickaha Wolfenhaut: Google your avatar name and this page is the No.1 hit.

[2008/09/04 12:35] Becka Finesmith: oooh

[2008/09/04 12:35] Kickaha Wolfenhaut: But the info is not a personal identifier, so I don't think there's an issue.

[2008/09/04 12:36] Schomer Simpson: I think there is an issue

[2008/09/04 12:36] Elsa Dickins: we have no way of knowing who the avatars are unless they are halls members, who I have on a list as being ou students

[2008/09/04 12:36] Schomer Simpson: for some folk their avatar name is actually how they are known by loads of people ...

[2008/09/04 12:36] Schomer Simpson: they can get very precious about it ...

[2008/09/04 12:36] Elsa Dickins: can Olly pasword protect the pages?

[2008/09/04 12:36] Becka Finesmith: It needs to be anonamised

[2008/09/04 12:36] Eshala Tabacznuk is Online

[2008/09/04 12:37] Elsa Dickins: I'll mail him

[2008/09/04 12:37] Becka Finesmith: yes, Or password protected

[2008/09/04 12:37] Kickaha Wolfenhaut: Apart from encounter reports. Which would be work, but maybe a month or a week would ne enough to extrapolate.

[2008/09/04 12:37] DL Notify List v1.1: Eshala Tabacznuk has logged on

[2008/09/04 12:37] Schomer Simpson: Or we could take the line of telling folk when tehy come to SchomeBase that this data is being collected and published on the web

[2008/09/04 12:37] Becka Finesmith: Linden will link AV names with accounts so thats personal data even if it isn't available to us

[2008/09/04 12:37] Schomer Simpson: So long as we are open about what data we collect and how we use it then no problem

[2008/09/04 12:37] Kickaha Wolfenhaut: Linden know where they are anyway

[2008/09/04 12:37] Becka Finesmith: kk

[2008/09/04 12:38] Elsa Dickins: yes I was planning on doing that schomer, when we have a welcome mat

[2008/09/04 12:38] Schomer Simpson: If new folk come to a specific start location then there could be info there ...

[2008/09/04 12:38] Becka Finesmith: By the way - If you attend this meeting you are agreeing to be in the chatloog blah blah >)

[2008/09/04 12:38] Kickaha Wolfenhaut: Only if you change my name to Brad Pitt.

[2008/09/04 12:38] Kickaha Wolfenhaut: And the buddy board pic, come to that.

[2008/09/04 12:38] Schomer Simpson: and we could require folk to join the Schome Educators group - and when they do they could also be informed about the data collection etc

[2008/09/04 12:39] Lambchop Magic: I am happy with that Becka Schomer

[2008/09/04 12:39] Elsa Dickins: brb

[2008/09/04 12:39] Kickaha Wolfenhaut: Do you mean only allow them on the island if they join?

[2008/09/04 12:39] smithb Windlow: On the names thing. Is there any benifit in knowing the names. Surely the counts. revisits etc are of more use

[2008/09/04 12:39] Schomer Simpson: Not keen on restricting access - but we do need to be sure that folk know that data is being collected

[2008/09/04 12:40] Kickaha Wolfenhaut: Can we have the estate set up to greet all visitors automartically?

[2008/09/04 12:40] Becka Finesmith: yep - Smith - there is a benefit to knowing names but only to tie together activity

[2008/09/04 12:40] Schomer Simpson: Not sure ...

[2008/09/04 12:40] Kickaha Wolfenhaut: Or do you need in-world objects at strategic points?

[2008/09/04 12:40] Becka Finesmith: I don't think that data needs to be public in a recognisable format

[2008/09/04 12:40] Kickaha Wolfenhaut: OK

[2008/09/04 12:41] Kickaha Wolfenhaut: Agreed Becka.

[2008/09/04 12:41] Lambchop Magic: agree Becka

[2008/09/04 12:41] Kickaha Wolfenhaut: How you interpret "names" and avatar id will affect whether we decide the Data Protection Act applies. I would hope it doesn't.

[2008/09/04 12:41] Becka Finesmith: OK - So some sort of data collection when the Av lands here

[2008/09/04 12:41] Lambchop Magic: also even if we inform people we are collecting the data would we not have to give them a way of removing there name

[2008/09/04 12:42] Becka Finesmith: Good point Lamchop

[2008/09/04 12:42] smithb Windlow: Do we know what we are trying to gain by collecting the stats.

[2008/09/04 12:42] Schomer Simpson: Easiest thing in the short term is to make the data private

[2008/09/04 12:42] Kickaha Wolfenhaut: Honing our objectives.

[2008/09/04 12:42] Becka Finesmith: yes

[2008/09/04 12:42] Kickaha Wolfenhaut: Measuring demand and requirements

[2008/09/04 12:43] Kickaha Wolfenhaut: Against time I suppose too

[2008/09/04 12:43] Becka Finesmith: Elsa's stats are pretty neat. Those would be ok

[2008/09/04 12:43] Becka Finesmith: with a few tweaks

[2008/09/04 12:43] Kickaha Wolfenhaut: Also, if the stats are impressive, they are handy to have when money-begging time comes round.

[2008/09/04 12:43] Becka Finesmith: indeed

[2008/09/04 12:43] Schomer Simpson: Several aims in having the sensors originally - trying to find out how to collect the data; wanting to know about levels of usage - which areas were used most; how active were different students (thinking about teen grid students here - cos we trialled lots of stuff on SchomeBase before we moved to Schome Park (in Teen Grid)

[2008/09/04 12:43] smithb Windlow: So. the actual name is only required to give the visit record uniqueness

[2008/09/04 12:44] Becka Finesmith: yes smith

[2008/09/04 12:44] Lambchop Magic: uniqueness and log amount of visits etc..

[2008/09/04 12:44] Becka Finesmith: We could equally use UI number but it's easier using a name

[2008/09/04 12:44] Schomer Simpson: We also needed it for child protection reasons - again only relevant to the Teen Grid work we do

[2008/09/04 12:45] Lambchop Magic: if we were all Joe Bloggs you wouldn't know if I can in 10 times or ten different people

[2008/09/04 12:45] smithb Windlow: Then can we not just hold the name, and not publish it. As this would remove any conflict with the DPA

[2008/09/04 12:45] Kickaha Wolfenhaut: Agreed.

[2008/09/04 12:45] Becka Finesmith: OK - We don't want it to get too complicated and yes Smith. I think that would be the way to go

[2008/09/04 12:45] Schomer Simpson: I think we ought to be making sure that folk know what data we collect - even if it is held 'privately'

[2008/09/04 12:45] Lambchop Magic: we would still need to inform we were collecting the data though and give them a way to opt out

[2008/09/04 12:45] Kickaha Wolfenhaut: Numbers and what those folk want from us are all we are interested in

[2008/09/04 12:46] Becka Finesmith: Yes - That's probably a requirement of keeping it

[2008/09/04 12:46] Schomer Simpson: I think opt out ultimately means not using the space

[2008/09/04 12:46] Kickaha Wolfenhaut: Disagree

[2008/09/04 12:46] Schomer Simpson: go on ...

[2008/09/04 12:46] Becka Finesmith: Oon what point Kick?

[2008/09/04 12:46] Lambchop Magic: I disagree they should have the right to remove there name some people just don't like being on lists

[2008/09/04 12:46] Kickaha Wolfenhaut: Folk can collect stats about road usage by looking at your car whizzing by. Since no id is collected they don't have to clear it with you.

[2008/09/04 12:47] Becka Finesmith: But you would if you collected the licence plate number?

[2008/09/04 12:47] Kickaha Wolfenhaut: The point being, if we don't hoold names, no misery-guts could point at a record and prove it was them.

[2008/09/04 12:47] Becka Finesmith: and that's what we are doing

[2008/09/04 12:47] Sky Shui is Online

[2008/09/04 12:47] Kickaha Wolfenhaut: No, we ain't are we? We don't need to.

[2008/09/04 12:47] Schomer Simpson: Do you think anyone would object anyway?

[2008/09/04 12:47] Becka Finesmith: but then would we lose anything by not tying the data together?

[2008/09/04 12:47] Kickaha Wolfenhaut: There's always one. lol

[2008/09/04 12:47] Becka Finesmith: For example

[2008/09/04 12:47] smithb Windlow: If we are to collect the data and hold the names. We should have a Information security policy. Ie: what info we hold and for what purpose.

[2008/09/04 12:47] Schomer Simpson: And if they did would they be folk who were into the open collaborative ethos that we want to create?

[2008/09/04 12:48] Becka Finesmith: How would we count UNique visitors?

[2008/09/04 12:48] Kickaha Wolfenhaut: The data doesn't need names to be useful to us.

[2008/09/04 12:48] Lambchop Magic: no i don't think anyone would object but if there is no option there will be one

[2008/09/04 12:48] Kickaha Wolfenhaut: We want numbers, times, requirements, etc.

[2008/09/04 12:48] Kickaha Wolfenhaut: They camn all be called Adolf Hitler. It doesn't affect us.

[2008/09/04 12:48] Schomer Simpson: also level of activity by the same avatar ... etc

[2008/09/04 12:49] Becka Finesmith: But numbers requires you to record some identifier that makes the visitor unique

[2008/09/04 12:49] Schomer Simpson: indeed

[2008/09/04 12:49] Kickaha Wolfenhaut: Unique, but not tied to their own id. Just number them... 1,2,3,4...

[2008/09/04 12:49] Schomer Simpson: hence I think openness about what data we collect and how we use it

[2008/09/04 12:49] Becka Finesmith: the name is the only thing that does that

[2008/09/04 12:49] Lambchop Magic: I agree Becka we need the names

[2008/09/04 12:49] Schomer Simpson: let's face it everytime most of us visit a website they collect data about who we are

[2008/09/04 12:49] Lambchop Magic: I agree with Schomer we need to inform people we are doing it

[2008/09/04 12:49] Lambchop Magic: and why

[2008/09/04 12:50] Schomer Simpson: and they don't ask your permission necessarily - though they will have a policy statement somewhere that tells you what they are doing ...

[2008/09/04 12:50] Becka Finesmith: Then perhaps that's the answer

[2008/09/04 12:50] Lambchop Magic: true

[2008/09/04 12:50] smithb Windlow: yes but they should have a ISPolicy. and it should be published.

[2008/09/04 12:50] Scathach Rhiadra: or could it sophisticated enough to generate dummy ids for a name and then dump it?

[2008/09/04 12:50] Elsa Dickins: if the welcome mat says that by looking roudn the island youa re agreeing to having that data collected, they have the choice

[2008/09/04 12:50] Schomer Simpson: Agreed - be open and explicit about what we are doing

[2008/09/04 12:50] Lambchop Magic: agreed

[2008/09/04 12:50] Becka Finesmith: yes. It's the only way

[2008/09/04 12:51] Kickaha Wolfenhaut: Yes Elsa. Keep it low key but demonstrably there.

[2008/09/04 12:51] Schomer Simpson: I think that could be part of explaining to folk what the aims of the community are etc

[2008/09/04 12:51] Schomer Simpson: hence the usefulness of new folk all landing initally in one known location

[2008/09/04 12:51] Becka Finesmith: So the point at which they gain that information? Entry? It give you a notecard? Joining of a group? Clicking on something

[2008/09/04 12:51] Schomer Simpson: where we can provide info

[2008/09/04 12:51] Schomer Simpson: Can be at point of entry to island, joining group, etc

[2008/09/04 12:52] Schomer Simpson: not sure what etc includes here but sounded good

[2008/09/04 12:52] Kickaha Wolfenhaut: Can we ask other similar institutions what they have done? Save us reinventing the wheel.

[2008/09/04 12:52] Schomer Simpson: ;0)

[2008/09/04 12:52] Elsa Dickins: notecard at point of entry

[2008/09/04 12:52] Kickaha Wolfenhaut: Notecards can be declined.

[2008/09/04 12:52] Elsa Dickins: usually notecard Kick, but I haven't seen anythat tell you theya re collecting stats

[2008/09/04 12:52] Becka Finesmith: The if they decline it - we don't record them?

[2008/09/04 12:52] Elsa Dickins: and I don't believe for a moment they're not

[2008/09/04 12:52] Schomer Simpson: But the point is they have been provided with the info - if they chose not to read it that is their choice

[2008/09/04 12:52] Elsa Dickins: we record who has landed on teh mat

[2008/09/04 12:53] Becka Finesmith: Our situation can't be unique

[2008/09/04 12:53] Kickaha Wolfenhaut: If they decline the notecard they never had the info. A message in their chat window would be different. (Just playing devil's advocate here)

[2008/09/04 12:53] Becka Finesmith: someone else must have addressed the issue

[2008/09/04 12:53] Elsa Dickins: can do both, that's what you get on open life

[2008/09/04 12:53] Kickaha Wolfenhaut: yes, true

[2008/09/04 12:53] smithb Windlow: There may be a hiden advantage.in all this. in that some of the unwanted visitors may feel that they are being watched

[2008/09/04 12:54] Becka Finesmith: Speed cameras

[2008/09/04 12:54] Becka Finesmith: :)
[2008/09/04 12:54] Kickaha Wolfenhaut: Yes, it may deter time wasters and trouble makers.
[2008/09/04 12:54] Kickaha Wolfenhaut: I'll get me coat
[2008/09/04 12:54] Schomer Simpson: I'm off then ...
[2008/09/04 12:54] smithb Windlow: exactly
[2008/09/04 12:54] Becka Finesmith: lol
[2008/09/04 12:54] Schomer Simpson: great minds Kicka
[2008/09/04 12:54] Kickaha Wolfenhaut: hehe
[2008/09/04 12:54] Kerry Mubble: lol
[2008/09/04 12:54] Becka Finesmith: OK - So where do we go from here? (Remember the chatlog will be published)
[2008/09/04 12:55] Object: Hi Elsa Dickins,
[2008/09/04 12:55] Object: Welcome to the T175 course event in SecondLife! Please feel free to explore the island and look for hidden delights. If you have any feedback on the island or the inworld event, please send an IM or notecard to Elsa Dickins. Enjoy your time on Open Life Island.
[2008/09/04 12:55] Schomer Simpson: got to go hang the washing (physical world) back soon
[2008/09/04 12:55] Elsa Dickins: that's the welcome mat as used for the t175 course event
[2008/09/04 12:55] Becka Finesmith: K - Thanks Schomer
[2008/09/04 12:55] Kickaha Wolfenhaut: Obviously not in Luton - peeing down here
[2008/09/04 12:55] Elsa Dickins: very easy to add a notecard giver, as on open life at the moment
[2008/09/04 12:55] Elsa Dickins: Display List
[2008/09/04 12:55] Becka Finesmith: Sounds excellent Elsa
[2008/09/04 12:55] Kickaha Wolfenhaut: Need's proximity to work, which (I hate to say this) would demand a compulsory entry point
[2008/09/04 12:56] Lambchop Magic: brilliant Elsa
[2008/09/04 12:56] Kickaha Wolfenhaut: ...which I am not in favour of.
[2008/09/04 12:56] Elsa Dickins: Kick is not in favour of brilliant Elsa
[2008/09/04 12:56] Becka Finesmith: I thought all nOUbies woud come here anyway?
[2008/09/04 12:56] smithb Windlow: I like the idea.
[2008/09/04 12:56] Kickaha Wolfenhaut: Kick is in AWE if brilliant Elsa.
[2008/09/04 12:56] Becka Finesmith: True though, it does not record the remainder of the island but Elsa already has stats for that
[2008/09/04 12:56] Elsa Dickins: lol
[2008/09/04 12:57] Becka Finesmith: you two's :0
[2008/09/04 12:57] Becka Finesmith: lol
[2008/09/04 12:57] Kickaha Wolfenhaut: But we're talking legal rubbish here... if someone TP's to the dance floor and doesn't get his data protection warning, he can moan.
[2008/09/04 12:57] Kickaha Wolfenhaut: We need to cover ourselves I suppose.
[2008/09/04 12:57] smithb Windlow: If visitors are serios about there visit. then they will apreciate being guided in the right direction.
[2008/09/04 12:57] smithb Windlow: Rather than blundring around.
[2008/09/04 12:57] Kickaha Wolfenhaut: The residents get annoyed when they try to TP around and get diverted though.
[2008/09/04 12:58] Becka Finesmith: Exactly which is hy we want the new ones here first
[2008/09/04 12:58] Elsa Dickins: but it's annoying if you get routed through the same point on every subsequent visit :(
[2008/09/04 12:58] Becka Finesmith: Take you for example Smith

[2008/09/04 12:58] CC Exonar is Offline
[2008/09/04 12:58] Becka Finesmith: LAst week you found this group and you came back :)
[2008/09/04 12:58] Nexie Raviprakash is Online
[2008/09/04 12:58] Becka Finesmith: No - I don't think we want that
[2008/09/04 12:58] Becka Finesmith: Only on the frist entry
[2008/09/04 12:58] Becka Finesmith: first
[2008/09/04 12:58] Kickaha Wolfenhaut: Perhaps just have a grid of notecard dispensers which cover the whole island... range is probably 96 metres, so wouldn't take many.
[2008/09/04 12:58] Becka Finesmith: then people setup TP's and go where they want
[2008/09/04 12:58] Schomer Simpson: Could a group be used - so you have to join the group to go anywhere other than the reception area
[2008/09/04 12:59] Kickaha Wolfenhaut: Not aware of the functionality Schomer.
[2008/09/04 12:59] Becka Finesmith: That would protect the island a little
[2008/09/04 12:59] Schomer Simpson: So could have teleport anywhere for folk who belonged to the group but only able to access receptin area for folk who didn't
[2008/09/04 12:59] Kickaha Wolfenhaut: And it's like being asked to sign up before viewing a web site... just puts fiolk off
[2008/09/04 12:59] Schomer Simpson: I can set an estate so only members of a specific group can get into it
[2008/09/04 13:00] smithb Windlow: not if they are serious
[2008/09/04 13:00] Schomer Simpson: indeed - life is full of compromises
[2008/09/04 13:00] Becka Finesmith: Kick - They can come here and see all the great things they are missing if they don't accept a group offer?
[2008/09/04 13:00] Kickaha Wolfenhaut: But we are here to catch the casual visitor and get their interest. The serious ones aren't such a concern to us anyway...
[2008/09/04 13:00] Cream Dreamscape is Online
[2008/09/04 13:00] Becka Finesmith: It's a lot easier then signing up to a website
[2008/09/04 13:00] smithb Windlow: you go to reception. sign on the dotted then you can enter the building
[2008/09/04 13:01] Schomer Simpson: The reception area could contain info about the great things they are missing
[2008/09/04 13:01] Becka Finesmith: indeed
[2008/09/04 13:01] smithb Windlow: yes
[2008/09/04 13:01] Kickaha Wolfenhaut: Big objection:
[2008/09/04 13:01] Becka Finesmith: but is that technically do-able
[2008/09/04 13:01] Becka Finesmith: Kick?
[2008/09/04 13:01] Schomer Simpson: persuade us kicka
[2008/09/04 13:01] Elsa Dickins: yes schomer, I think that's possible
[2008/09/04 13:01] Kickaha Wolfenhaut: There is a (quite small) limit on the number of groups you can be a member of. If someone is already at 25....
[2008/09/04 13:01] Schomer Simpson: true
[2008/09/04 13:02] Becka Finesmith: I thought you could have 65 goups and I think Lindens are removing the limit anyway
[2008/09/04 13:02] Kickaha Wolfenhaut: Already, I have to sacrifice an existing group if I want to join a new one.
[2008/09/04 13:02] Schomer Simpson: but how many do you really use ...
[2008/09/04 13:02] Elsa Dickins: pretty certain it's 25
[2008/09/04 13:02] Kickaha Wolfenhaut: 25 right now. 65 better but principle still applies

[2008/09/04 13:02] Becka Finesmith: kk
[2008/09/04 13:02] Kickaha Wolfenhaut: If it was 65 I would be at 65 by now
[2008/09/04 13:02] Becka Finesmith: lol

[2008/09/04 13:02] Becka Finesmith: You have to be more discerning Mr Bird
[2008/09/04 13:03] Kickaha Wolfenhaut: I'm easy.
[2008/09/04 13:03] Elsa Dickins: afk
[2008/09/04 13:03] Kickaha Wolfenhaut: lol
[2008/09/04 13:03] Becka Finesmith: We heard
[2008/09/04 13:03] Becka Finesmith: :p
[2008/09/04 13:04] Schomer Simpson: need to make a decision - my suggestion would be that we make the data private and make sure that there is lots of opportunity for folk to know about the fact that data is being collected ...
[2008/09/04 13:04] Schomer Simpson: but recognise that we cannot force people to read the info
[2008/09/04 13:04] Schomer Simpson: and deal with any problems that might occur
[2008/09/04 13:04] Becka Finesmith: I agree with that
[2008/09/04 13:04] DL Notify List v1.1: DeeDee Bookmite has logged off
[2008/09/04 13:04] DL Notify List v1.1: CC Exonar has logged off
[2008/09/04 13:04] smithb Windlow: Sound good.
[2008/09/04 13:05] Lambchop Magic: I agree
[2008/09/04 13:05] Becka Finesmith: it's a good compromise
[2008/09/04 13:05] Becka Finesmith: And I don't think it's any worse then others are doing right now
[2008/09/04 13:05] Scathach Rhiadra: I agree
[2008/09/04 13:05] Schomer Simpson: lets face it the data has been being collected and published on the web for over a year adn noone had noticed/complained yet
[2008/09/04 13:05] Kickaha Wolfenhaut: OK
[2008/09/04 13:05] Kickaha Wolfenhaut: Hmmmm
[2008/09/04 13:05] Kickaha Wolfenhaut: Not entirely true, lol
[2008/09/04 13:05] Becka Finesmith: maybe we can take it on as another ipiece of work at some point?
[2008/09/04 13:05] Kickaha Wolfenhaut: We did have a couple of stroppy-arses moaning.
[2008/09/04 13:05] Schomer Simpson: Ah
[2008/09/04 13:06] Kickaha Wolfenhaut: But they were being bloody minded imo
[2008/09/04 13:06] Kickaha Wolfenhaut: Which wouldn't get us off the hook in court though, lol
[2008/09/04 13:06] Becka Finesmith: OK - I'll make a note we should revisit this as time is moving on and we are not going to reach a consensus
[2008/09/04 13:06] smithb Windlow: Do we publish a ISpolicy in reception.?
[2008/09/04 13:06] Kickaha Wolfenhaut: Agreed
[2008/09/04 13:06] Becka Finesmith: Can we give it some thought offline
[2008/09/04 13:06] Kickaha Wolfenhaut: (B)
[2008/09/04 13:07] Schomer Simpson: Elsa - can you sort out getting the SchomeBase data hidden from public view?
[2008/09/04 13:07] Kickaha Wolfenhaut: Perhaps some discussions are better suited to a traditional Web forum. If there are many issues to take into account.

[2008/09/04 13:07] Schomer Simpson: Not sure if you or Olly control the server where the webpages are hosted
[2008/09/04 13:07] Cream Dreamscape is Offline
[2008/09/04 13:08] Schomer Simpson: Or maybe we just need to set timelimits to discussions - strong chairing ...
[2008/09/04 13:08] Schomer Simpson: over to you Becka
[2008/09/04 13:08] Schomer Simpson: ;O)
[2008/09/04 13:08] Becka Finesmith: I get more google hits as Becka Finesmith than my real other half
[2008/09/04 13:08] Becka Finesmith: :(
[2008/09/04 13:08] Becka Finesmith: lol
[2008/09/04 13:08] Elsa Dickins: that's Olly, but I'll mail him
[2008/09/04 13:08] Schomer Simpson: and all practice touch typing
[2008/09/04 13:08] Becka Finesmith: Anyhoo
[2008/09/04 13:08] Becka Finesmith: Moving on.....
[2008/09/04 13:08] Becka Finesmith: The Sesame Article
[2008/09/04 13:08] Becka Finesmith: article
[2008/09/04 13:08] Schomer Simpson: Maybe he could remove names but leave the graph?
[2008/09/04 13:09] Becka Finesmith: Last time We talked about writing a piece for Sesame to publicise things
[2008/09/04 13:09] Becka Finesmith: We realised that we would need to run it passed you Elsa but I talked to Sesame about what type of thing they would like to have
[2008/09/04 13:09] Becka Finesmith: They thought an article for the web in the form of a travel guide
[2008/09/04 13:10] Elsa Dickins: sounds fun
[2008/09/04 13:10] smithb Windlow: Mmm
[2008/09/04 13:10] Becka Finesmith: Scath has been given the task of writing it and she came up with a great article
[2008/09/04 13:10] Elsa Dickins: go scath!
[2008/09/04 13:10] smithb Windlow: Can we see it?
[2008/09/04 13:10] Becka Finesmith: Hold on
[2008/09/04 13:11] Becka Finesmith: I wonder if I can rez it here
[2008/09/04 13:11] Schomer Simpson: what format is it in?
[2008/09/04 13:11] Becka Finesmith: Word
[2008/09/04 13:11] Becka Finesmith: at the moment
[2008/09/04 13:12] Kickaha Wolfenhaut: Would be easier to just put it online for guys to download I think.
[2008/09/04 13:12] Schomer Simpson: agreed
[2008/09/04 13:12] Becka Finesmith: kk
[2008/09/04 13:12] Becka Finesmith: Where?
[2008/09/04 13:12] Kickaha Wolfenhaut: afk baby alert
[2008/09/04 13:12] Becka Finesmith: the wiki?
[2008/09/04 13:12] Kickaha Wolfenhaut: (i can host it)
[2008/09/04 13:12] Schomer Simpson: if it's not too large a file you could attach it to a message in the forum
[2008/09/04 13:12] Becka Finesmith: It's one a4 page - I can convert it to PDF if that helps
[2008/09/04 13:12] Schomer Simpson: file size limit is about 180kb though ...
[2008/09/04 13:13] Becka Finesmith: Scath - Would you like to say anything about it?
[2008/09/04 13:13] Scathach Rhiadra: well' its only a draft, open to review and suggestions
[2008/09/04 13:14] Schomer Simpson: sounds like a job for google docs or the wiki
[2008/09/04 13:15] smithb Windlow: What is the deadline for sesame?

[2008/09/04 13:15] Kickaha Wolfenhaut: Pretty far I think...?
[2008/09/04 13:15] Lambchop Magic: brb checking on hubby
[2008/09/04 13:15] Becka Finesmith: We missed the current issue which is why they want it for the web version
[2008/09/04 13:15] Kickaha Wolfenhaut: bless Lamb.
[2008/09/04 13:15] smithb Windlow: So mabe we could all download and give feed back by the next mtg?
[2008/09/04 13:16] Kickaha Wolfenhaut: I suggest a page (wiki?) where we can all submit ideas for topics that should be included
[2008/09/04 13:16] Becka Finesmith: Sounds fair - I should mention that Scath is reviewing it because we only got the information about the travle format after it was written
[2008/09/04 13:17] Kickaha Wolfenhaut: Rather than bouncing the same article round and round
[2008/09/04 13:17] Becka Finesmith: Scatch - shall we share both versions when you have completed the other one?
[2008/09/04 13:17] Schomer Simpson: You can see the draft article at http://www.schome.ac.uk/wiki/Draft_thingy
[2008/09/04 13:17] Scathach Rhiadra: yes, it would need some reworking
[2008/09/04 13:17] Groovy Magic is Online
[2008/09/04 13:17] Kickaha Wolfenhaut: Draft thingie... heehee
[2008/09/04 13:17] Becka Finesmith: lol
[2008/09/04 13:17] Scathach Rhiadra: yes, and Kick has some ideas for it too
[2008/09/04 13:18] DL Notify List v1.1: Groovy Magic has logged on
[2008/09/04 13:18] Scathach Rhiadra: including pics, etc
[2008/09/04 13:18] smithb Windlow: pictures would be good.
[2008/09/04 13:18] Becka Finesmith: So perhaps people can contribute their ideas via the wiki that Schomer just set up?
[2008/09/04 13:18] Scathach Rhiadra: ok, that sounds good to me
[2008/09/04 13:18] Kickaha Wolfenhaut: I would like to suggest that Scath remains editor in chief of the piece and we approach her cap in hand if we have opinions.
[2008/09/04 13:19] Kickaha Wolfenhaut: Too many cooks...
[2008/09/04 13:19] smithb Windlow: very good idea
[2008/09/04 13:19] Becka Finesmith: This is true - Good idea Kick
[2008/09/04 13:19] Scathach Rhiadra: lol, I always wanted to be an editor!
[2008/09/04 13:19] Kickaha Wolfenhaut: lol
[2008/09/04 13:19] Schomer Simpson: I've added some formatting so it's easier to read now
[2008/09/04 13:19] Becka Finesmith: Awww - So perhaps add ideas to the bottom?
[2008/09/04 13:19] smithb Windlow: + we can then all blame Scath
[2008/09/04 13:19] Kickaha Wolfenhaut: lol Smith
[2008/09/04 13:19] Schomer Simpson: Suggest we use the forum to discuss ideas - much easier that the Talk page in the wiki
[2008/09/04 13:19] Kickaha Wolfenhaut: Quick work Schomer
[2008/09/04 13:20] Becka Finesmith: KK.
[2008/09/04 13:20] Kickaha Wolfenhaut: Yes, the forum is an underused resource imo
[2008/09/04 13:20] Becka Finesmith: Forum it is
[2008/09/04 13:20] Gann McGann is Online
[2008/09/04 13:20] Becka Finesmith: Elsa and Schomer - Are you happy for us to go ahead and get this published once it is agreed?

[2008/09/04 13:21] Scathach Rhiadra: one thing I missed out on, there is no mention of Schome :)

[2008/09/04 13:21] Becka Finesmith: I'll take silence as affirmative ;)

[2008/09/04 13:21] Elsa Dickins: I'd like to check it before the final version is released if no-one minds

[2008/09/04 13:21] Becka Finesmith: Seems very fair to me

[2008/09/04 13:22] Kickaha Wolfenhaut: Yes, the paragraph about you can be added later.

[2008/09/04 13:22] Elsa Dickins: but yes, happy for everyone else to do the work ;)

[2008/09/04 13:22] Elsa Dickins: lol

[2008/09/04 13:22] Becka Finesmith: I'll only forward on to my contact when you have agreed it

[2008/09/04 13:22] Schomer Simpson: I've added a link to a discussion topic ...

[2008/09/04 13:22] Becka Finesmith: ya

[2008/09/04 13:22] Becka Finesmith: y

[2008/09/04 13:22] Becka Finesmith: see - technically proficient at some things ;)

[2008/09/04 13:22] Elsa Dickins: yes Scath, that was going to be my bit of feedback - we need to be clear about teh two islands and how they work together

[2008/09/04 13:22] Elsa Dickins: lol becka

[2008/09/04 13:23] Becka Finesmith: even if it does say Draft thingy

[2008/09/04 13:23] Becka Finesmith: :p

[2008/09/04 13:23] Kickaha Wolfenhaut: I like that title.

[2008/09/04 13:24] Scathach Rhiadra: perhaps you Elsa or Schomer could put together a paragraph about that

[2008/09/04 13:24] Schomer Simpson: I'll chip in - am keen to make it clear that SchomeBase is not just for OU students ... for example

[2008/09/04 13:24] Becka Finesmith: Yep - OK - Everyone add there tuppennys worth in the Forum :)

[2008/09/04 13:25] Becka Finesmith: Next.....

[2008/09/04 13:25] Lambchop Magic: bk sorry

[2008/09/04 13:25] Elsa Dickins: Schomer and I were talking about this yesterday, don't want to take over this meeting with it but we are hoping to find a mutually convenient date sometime soon to have an event inworld where we can get everyone together and talk about the islands etc

[2008/09/04 13:25] Elsa Dickins: and what it means to be Schome for example

[2008/09/04 13:25] Becka Finesmith: 3D Teleporter. Considering the issues with teleporting - I suggest we psotpoone that discssion? All those in favour ;P

[2008/09/04 13:25] Schomer Simpson: As an aside - I am fascinated by people's hesitation to use wiki's to edit 'other people's work' ...

[2008/09/04 13:25] Elsa Dickins: go on then Becka

[2008/09/04 13:26] Kickaha Wolfenhaut: Aye
